

Partnership Briefing

Issue No: 2

September 2020.

Introducing the Halton Children and Young People Safeguarding Partnership Business Unit.

E-Mail: CYPsafeguardingPartnership@halton.gov.uk

0151 511 7909

Susanne Leece
Head of Safeguarding for HCYPSP

Acting on behalf of the 3 key safeguarding partners (Halton Borough Council, NHS Halton CCG and Cheshire Police). Susanne's role is to lead the establishment, implementation and ongoing development of the multi-agency safeguarding arrangements and develop one overarching strategic approach to safeguarding in Halton.

Angela Houghton
Performance Manager

Angela is responsible for the performance management framework for the Partnership so that we can understand the effectiveness of local safeguarding arrangements and identify areas for development.

This achieved through a number of ways including the multi agency audit that many practitioners and Managers may have already contributed to.

Abbie Tinsley
Senior Administration Officer

Abbie is the Senior Administration Officer for the Partnership Business Unit, she provides administrative support to the Partnership Business Unit and all of the sub groups.

Rachael Greenwood
Safeguarding Development Officer

Rachael is responsible for ensuring that the identified training and development needs across the partnership are met; she also leads on communication.

Rachael will refresh the HCYPSP website and she will send regular e-bulletins to all partners and relevant agencies. Her first task will be to review the 20/21 training offer to ensure that we can resume delivery of key courses.

We are currently working on a Web delivery of the Working Together Training and we aim to have this in place for booking by W/C 12th October for delivery commencing 26th October 2020. We are also looking to add to our training pool, so if you would like to become a trainer for the HCYPSP, drop us an email to the address above.
